Dear Dr.Gerritsen:

The Scientific Director and CTR's staff have discussed your request for partial support of the conference named above. The program contains topics of interest to the Council, and the list of speakers ensures the scientific quality of the meeting. I am pleased to inform you that we will make a contribution of $1,500 to help defray, in part, the costs of the conference. A check for the noted amount, payable to The Keystone Symposia and annotated with the name of the Symposium, was forwarded to Mr. Hank Harrowood together with a copy of this letter.

It would assist in our record-keeping if we could have a written acknowledgment of the contribution. We request only that these funds not be used to reinburse expenses incurred by participants from the industrial sector.

Sincerely yours,

George A. Hashim
